

EXPRESSION OF INTEREST APPLICATION

NZ Multiple Sclerosis Research Trust Funding

The New Zealand Multiple Sclerosis Research Trust (NZMSRT) is delighted to advise that we have received funding for three years for up to NZ\$150,000 / year to support neurologists who wish to travel overseas to specialise in the treatment of people with multiple sclerosis.

This may take in the form of a fellowship for a registrar taking up a training post overseas, either in isolation, or in combination with another fellowship to support research work.

Support for more limited projects for training or research in MS will also be considered, as will a fellowship for a non-clinical scientist undertaking MS research.

To discuss your interest or obtain more information please phone from Dr Ernest Willoughby, Trustee NZMSRT on 021 242 8270.

Expressions of interest should be made by completing the below form and email to Salma Rossell info@msresearch.nz By date 30 June 2022.
